

EXCELLENCE IN A RENOVATION OR ADDITION \$600,000 TO \$1M

## Glasshouse Projects Pty Ltd

PROJECT St Peters

Faced with a surprisingly steep sloping site, Glasshouse Projects successfully demonstrated their design and construct ability, successfully turning this challenge into an advantage through the use of innovative design and excellent building techniques. The end result is a delightful mixture of old and new construction with particular attention and detail enabling for complex but seamless connections and interfaces between finishes.
